Express EtherNetwork™
4-Port Ethernet Broadband
Router

D-Link, the worldwide leader in innovative home and business networking, sets a new standard for broadband router performance with the *Express EtherNetwork DI-704P*.

The DI-704P is an Ethernet Broadband Router with a built-in 4-port switch. It also features a parallel port to share a printer on the home or office network and includes a print server application for Windows[1]. As many as four computers can be connected to the router's integrated switch, using its four 10/100Mbps AutoMDIX Ethernet ports. The DI-704P package even includes an Ethernet cable to get you started.

The DI-704P is ideal if you're creating your first home or small business network, or if you're a more advanced user looking for additional management settings.

The DI-704P includes a new, easy-to-use D-Link web-based graphical user interface (GUI) to configure the router. To keep prevent unwanted Internet intruders from accessing your private network, the DI-704P also serves as a feature-rich firewall

So, whether you're a college student who wants to network with friends and roommates, an executive working at home or in a small office, or a concerned parent who just wants to have more control over how your children access the Internet, then the D-Link *Express EtherNetwork DI-704P* is the networking solution for you, even if you don't know anything about networking.

1 — Printer Server software included is for Windows Operating Systems only. Postscript Level 1 and 2 printers can be connected to the DI-704P for Macintosh OS 9.x or X computers. The DI-704P does not support non-Postscript printers with Macintosh OS.

SPECIFICATIONS

Standards
- IEEE 802.3 10Base-T Ethernet
- IEEE 802.3u 100Base-TX Fast Ethernet
- IEEE 802.3 NWay Auto-Negotiation

VPN Pass Through
- PPTP
- L2TP
- IPSec

Ports
- One WAN
- Four LAN

Device Management
Web-Based – requires at least Microsoft Internet Explorer v5 or later; Netscape Navigator v4 or later; or other Java-enabled browsers.

LEDs
- Power
- WAN
- Local Network — 10/100

Operating Temperature
32°F to 131°F (0°C to 55°C)

Humidity
95% maximum (non -condensing)

Power Input
External Power Supply
DC 5V, 2A

Safety & Emissions
- FCC
- UL

Dimensions
- L = 7.56 inches (192mm)
- W = 4.64 inches (118mm)
- H = 1.22 inches (31mm)

Weight
0.68 lbs (0.31kg)

Warranty
One Year

Network Management Controls Made Easy, Made for Everyone

Never before has an Ethernet router, priced so inexpensively, included firewall and network management controls as the D-Link *Express* EtherNetwork DI-704P. Through its easy-to-navigate, Web-based interface even if you're new to networking you can quickly set policy-based filters based on MAC and IP addresses; as well as host Web or FTP servers using Virtual Server or DMZ. Additional advanced features include pass-through of VPN sessions, especially useful for telecommuters or others who need a more secure way to communicate and transmit information.

Firewall Features

Feature	Available
NAT with VPN Passthrough (Network Address Translation)	✓
MAC Filtering	✓
IP Filtering	✓
Virtual Server	✓
DMZ Host	✓
Dynamic DNS	✓

Protect & ShareYour Internet Connection and Printer

With the DI-704P you can share Internet access and resources such as printers in your home or office. Connect up to four computers and a printer with the DI-704P's parallel printer port.
